# Connecting your Facebook Page with Nitrobots

This document provides the prerequisites for connecting your Facebook Page with Nitrobots App:

- Admin page permission is required to connect the Facebook Page with Nitrobots App.

To grant Admin permission:
Go to **Page** > **Settings** > **Page Roles** > **Assign a new Page role**

Under **Assign a new Page role**, add the following Nitrobots Facebook profile(s):
- ic.yingzhong@gmail.com

as **Admin**

Nitrobots App will be connected once permission is granted, and the chatbot will be active 1-2 hours after connection.

NOTE
Nitrobots App will only implement changes specific to the Facebook Chat Messenger. Nitrobots App will not manage or modify other aspects of the page such as posts, timeline, followers, ads, reviews or insights.
